

# BUY A BRICK

Whether your support be a one-time gift, a monthly donation, or a financial commitment over an extended period of time, you have the opportunity to play a role in making the GCS vision for tomorrow a reality now!

**Phase one of our campaign** provided the necessary space to accommodate more than 250 students in single-grade classrooms and provided the financial security to quickly project us to complete the second phase of our campaign.

A new Creative Arts Studio encourages artistic expression among all learners at GCS, while new Technology and Innovation Hubs provide a variety of technological tools and devices to enrich student learning both inside the classroom and online. Several modern learning environments have also been designed to engage all learners, encourage collaboration, and accommodate our growing international student population.

For every \$250 donated, a “brick” will be purchased and full tax receipts provided. **Each brick purchased will bring us one step closer to fulfilling our vision for a new multi-sport athletic centre**, digital fabrication and modern science laboratories, a school cafeteria, and additional collaborative learning studios to accommodate our growing student body.
